

DOWN WITH THE OLD and up with the new, Will Tuttle of the electric company bearing his name has razed the building in which he has been operating his shop on Front St., Mokena, and is preparing now to replace it with a modern building. This picture was taken from the rear of the property looking toward Front st. That's the Rock Island station in the background. The man looking like a surveyor or engineer isn't. He is Louis Schmidt and an employee of the Tuttle Electric Co. But there is something about a transit that gives people an urge to look thru it and Mr. Schmidt was no exception. One can see a long way thru one of those things, Schmidt discovered. (Graphic Newspapers Photo)

Gardeners Will Meet At Lemont

The spring flower show program and luncheon of the Will County Federation of Garden clubs is to be held Monday, May 13, at the Methodist church, Lemont. The church is located at 306 Lemont St.

The Lemont club will be host and the Green Thumb Garden club of Lockport is in charge of the flower show.

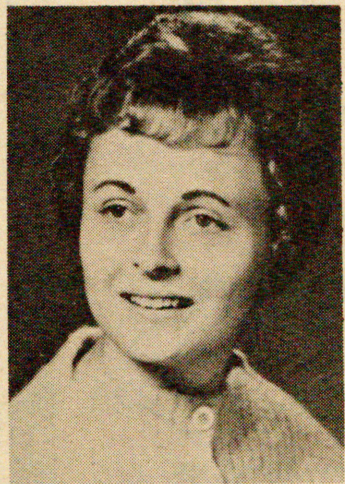

Mrs. Curtis Billings, Libertyville, is to be the speaker. She will talk on "Japanese Influence on Contemporary Arrangements." Mrs. Billings has a bachelor of science degree from the University of Chicago and is a nationally accredited flower show judge. She has been a member of the Hisho-Kai school of Japanese flower arranging for seven years.

Those who wish to have exhibits in the flower show must have them in Wesley hall, across the street from the church, by 10 a.m. Monday.

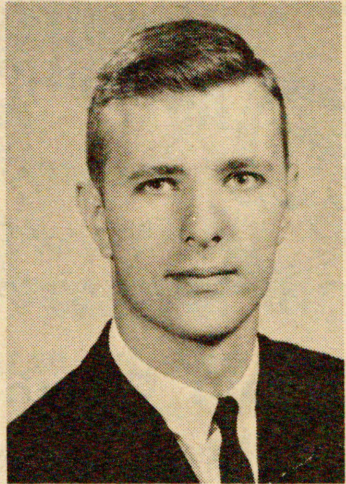

The program is to be in the church sanctuary at 10:45 and luncheon is to be served at 12:30 in the church basement. The flower show will be ready for viewing after the luncheon.

Lincoln-Way Hires Three Teachers For Coming Year

Three new teachers have been employed by the Lincoln-Way board of education for the 1963-64 school year. Miss Linda Brady of Crystal Lake, Ill., was employed for a vacancy in the Girls P. E. department, David Kettwig, of Joliet, for the business education department, and James Pitcairn, of Joliet, as head of the art department.

Miss Brady is a graduate of Southern Illinois University and during the past two years has been teaching in the Centralia, Illinois, High School. Her home is in Crystal Lake where she graduated from the Community High School in that city. Her position at Lincoln-Way is necessary because of the increase in the enrollment for next year. David Kettwig, from Joliet, is

presently finishing his college work at Illinois State Normal University. Previously he had graduated from the Joliet Junior College. Mr. Kettwig recently completed his 9 weeks student teaching program in the local department and under the supervision of the department chairman, Mr. Paul Thomas. The position was created because of the increase in the department's enrollment for next year. Mr. Kettwig will be assigned classes in General Business, Typing and Short-hand.

Mr. James Pitcairn was employed to fill the vacancy caused by the recent resignation of Mr. Raymond Hickerson, present chairman of the Art department. Mr. Pitcairn, like Mr.

Kettwig, is from Joliet, a graduate of Joliet Junior College, Illinois State Normal University, and took his student teaching at Lincoln-Way during the first 9 weeks of the present school year. Pitcairn received his Bachelor's degree from Illinois State Normal at the end of the first semester after which he enrolled in the graduate school and will have most of his work completed for his Master's degree in Art at the conclusion of the summer program. The Lincoln-Way Art department has grown rather rapidly and next year will witness the largest enrollment in the school's history. There will be approximately 110 students taking various courses in this department.

Know What's What But Not Who's Who at N.L.

Was Evans Drotts re-elected to the New Lenox village board over Eugene McGovney 341 to 338 or was McGovney re-elected over Drotts, 338 to 336?

That was the question confronting village officials up to last night when they homed to have it answered. But because of mechanical problems the decision cannot be given in this issue. When the ballots were counted the night of April 16 when the regular village election was held to choose a mayor, village clerk and three trustees, it was announced that the winning trustees were Robert Bishop, a newcomer, Chester Bowman and Evans Drotts, incumbents.

At that time the returns quoted gave Drotts 341 votes and McGovney, another incumbent, 338, as it appears on one tally

sheet. Had the figures been taken from the other tally sheet the results would have shown that McGovney received 338 votes and Drotts 336.

This difference was discovered on Wednesday night of last week when the village board met to complete the old business and then organize for the coming year when the newly elected officers were sworn in.

Mayor Stanley Gilmore, who was re-elected to a second term last month, appointed Trustees Don Anderson and Robert Randolph as a committee to canvass the returns and certify the election of those declared elected. This the committee was unable to do because of the discrepancy in the tally sheets.

The judges and clerks of election were to have met with

the village board last night at a meeting which was adjourned from Wednesday night of last week, to determine if possible which tally sheet is the correct one.

Village Attorney William Penn pointed out that the village board has no right to open the ballots which were sealed when the count was finished and the returns made. Nor can anyone else open the ballots, he stated, except on a court order.

No contest could be filed, Penn added, until the canvassing committee declared certain candidates were elected and then such a contest would have to be filed by one of the candidates involved. The village board could not contest the election or ask for a recount.

McGovney told the board last week that he was perfectly satisfied to let the count stand as it was announced originally. Board members, however, said they would like to have the matter cleared up and would like to have the ballots recounted. McGovney said that if left to him he would not file a contest, should the unofficial returns be declared official but would consider it if the board insisted.

Drotts was not at the meeting last week, having been out of town to attend a national school board meeting in Colorado. He is also a member of the New Lenox grade school board.

It was expected that the election judges and clerks could clear up the discrepancy. They

started with a definite number of ballots, they had a definite number of ballots left over so the number of ballots voted should balance with the other figures, it was pointed out.

Sometimes, it was pointed out, confusion may arise out of the spoils. A voter can spoil a ballot when marking it, notice his error and calling it to the attention of the judges, get another ballot. Disputed ballots are in a different category.

There was no question as to the outcome of the other races: Gilmore was re-elected mayor; Robert McCleary was re-elected village clerk; Chester Bowman was re-elected trustee, and Bishop was elected trustee. The other trustee is either Drotts or McGovney.

Area Facing Water Shortage Unless It Taps New Sources

New Lenox has been asked to contribute \$100 to a fund being raised to finance a water resources study for the Lower DesPlaines Valley and it is expected that similar requests will be made of the Mokena and Frankfort village boards.

According to figures furnished by William C. Ackerman, chief of the Illinois water survey division, the water table in Will county is declining steadily. In the past two years the annual decline in water levels from deep sandstone wells has amounted to 11.5 feet per year, bringing them presently to about 550 feet below the surface.

This water level decline, Ackerman's report shows, "reflects a rate of pumpage greater than that of replenishment".

He recommends that a consulting engineer be commissioned to evaluate the different additional sources of water supply and make recommendations.

Sidney B. Westby, district manager of the Public Service company, who is chairman of the Industrial Development Committee of the Greater Joliet Chamber of Commerce and also head of the Lower DesPlaines Valley Water Resources Committee, appeared at the New Lenox board meeting last week. The board had adjourned because the canvassing committee was unable to certify the results of the village election, but the village officers stayed on to hear Westby. They indicated that the board would vote the contribution requested.

Westby said that unless additional sources of water are tapped there will be a serious water shortage in the region in the next 10 years.

He added that the sources are available to present such a contingency but it is necessary now to arrive at a plan for the development, control and proper usage of same.

One community can't solve the problem, Westby pointed out, emphasizing it is something that affects the entire region. Various communities and organizations are getting together now to raise the \$30,000 needed for the survey and plan. Of this sum, he said, \$25,000 is for engineering services and the other \$5,000 for legal fees and clerical hire.

In the state water report for Joliet and Will county it was explained that the ground water sources developed from three aquifer systems: 1) Sand and gravel deposits of the glacial drift near the surface; 2) Underlying, but shallow dolomite rock formations; 3) Deep sandstone formations.

There is still a deeper aquifer in the sandstone, Mt. Simon, but in this area it has too much of a mineral content to be usable, it was stated.

Total ground-water pumpage in the Joliet area for 1960 was approximately 26 1/2 million gallons a day of which half was used by industry, mostly from deep sandstone. The municipal pumpage was 9.2 million gallons a day from the dolomite and deep sandstone and 4.1 from the glacial drift.

It is said that by sinking more wells in the shallow well area now being used by the city of Joliet--the Hadley Valley it is called and lies north and east of Joliet--and by building up reservoirs from the waters of Hickory, Spring and Jackson creeks, and tapping a source near Plainfield, an additional 18 million gallons a day could be realized. Piping water from the Kankakee River would be another possible source, it was stated.

For many years there has been talk of using Lake Michigan water to supply all of the towns in this region but there is a court battle now in progress--

there usually is--over the diversion of lake water and Westby said that Ackerman did not believe lake water could be brought to this area for another 20 years.

Water is becoming an ever increasing problem thruout the world, it is said, but particularly where there are large centers of population. The situation found here appears to be general--water is being used faster than the supply can be replenished. Much money and thought are being utilized now to perfect systems whereby ocean water can be turned into fresh water at sufficiently low cost to serve inland populations.

Discuss Work Done By Frankfort Trustees

The village of Frankfort is looking for a man, an all around maintenance man who can operate and maintain a tractor and mower attachments and can generally make himself useful on a part time or full time basis possibly.

Applicants are to submit a proposal, in writing, to the village board in time for the next meeting which will be May 20. The applicant is to submit the hourly rate of pay for which he would work.

Talk of hiring a man to perform the tasks now done by some board members came out of Monday night's meeting when Trustee Robert Dean raised the question that it was illegal for an elected village official to receive compensation directly or indirectly for his services.

Dean said that several persons had raised the question with him both before and since his recent election to the board. Trustee Milton Subbert stated that he was willing to cease doing any work for the village if that should be the decision of the board and Trustee Clyde Reils, who cuts the grass in the park and village parkways said he would willingly forego the labor if they could get someone who would not only keep the grass cut but change the mower attachments three times a week and maintain tractors and mower, with no compensation for that phase of the work.

Subbert stated that he didn't draw any pay from the village for any hauling or work, explaining that he was hired from time to time by contractors who paid him his compensation. He also remarked that he had done many things for the village for which he had never been compensated.

Trustee Daniel Hecht said that he believed the village was more economically served by having Subbert and Reils perform the tasks they did than if someone else was hired to do the job. He pointed out that their recompense was less than the prescribed hourly wage.

Trustees Wilbert Klier and John Topp expressed similar views.

No action was taken Monday night other than to decide to see how much it would cost to hire an outside man for such work and endeavor to decide upon a program at the next meeting.

The board will hold its first June meeting on the second Monday of that month because of the judicial election falling in the previous week.

Oak street has been closed this week to permit New York Central crews to repair the grade crossing. Work is also being done to smooth out the White street crossing.

Standing committees to serve for the coming year have been named by Mayor George Sangmeister and approved by the board. The committees (the first name in each is chairman) are:

Auditing, Subbert, Reils, Hecht; finance, Dean, Klier, Reils; printing, Reils, Hecht, Dean; ordinances, Hecht, Dean, Reils; police, Topp, Subbert, Klier; streets and alleys, Subbert, Hecht, Topp; fire and water, Topp, Subbert, Hecht; public grounds and buildings, Hecht, Reils, Dean; licensing, Klier, Topp, Reils; claims, Dean, Subbert, Klier; drainage, Klier, Topp, Subbert; board of local improvements, full board; board of health, Dr. Claude Otto, Dr. M.J. Buckley, Dr. Thomas Gunhouse; village treasurer, Beulah Kohlhaagen, A. H. Krusemark was named village attorney.

Police Chief Francis Simon will be at the village hall the next two Saturdays, May 11 and 18 to issue dog licenses. Licenses are \$2.

KEEP DOGS TIED

The village of Frankfort has as ordinance that all dogs within the village limits are to be kept tied or penned, and if found running at large, they will be picked up and destroyed, according to Police Chief Francis Simon.

A similar ordinance is also in effect at New Lenox, according to New Lenox Police Chief George Kennedy. The New Lenox measure also bans cats running at large.

MISS ELLIE ZIMMERMAN

Mokena Girl Candidate For Miss Southern Title

Ellie Zimmerman, Southern Illinois university coed from Mokena, is a candidate for the title of "Miss Southern" for 1963.

A five-foot-five brown-haired lass with green eyes, she will compete with 16 other SIU beauties May 10 and 11 during annual spring festival at Southern.

The girls will compete tomorrow evening in a talent contest and appear in bathing suits and formal gowns Saturday afternoon. The winner will be

announced and crowned at a dance Saturday evening.

A junior majoring in English at SIU, Miss Zimmerman is the 20-year-old daughter of Mr. and Mrs. Eugene J. Zimmerman of La Porte Road, Mokena. She weighs 115 pounds and has a 34-24-34 figure.

Miss Zimmerman has served as a New Student Week leader, helping with orientation of newcomers to the campus. She is sponsored in the Miss Southern contest by Sigma Pi social fraternity.

School Expansion Plan To Be Decided Saturday

Saturday will be an election day in the Mokena grade school district.

On May 11 the voters of the district will pass on the question of issuing bonds in the amount of \$190 to build an addition to the present Willow Crest school.

Current enrollment, according to a leaflet distributed this week among voters, is 475. By 1965 it is predicted that the enrollment will be at least 530. The school board and administrative staff want to be ready for this population and can accomplish it, they stated, only if building is started this summer or early fall.

On July 1, they pointed out, the Mokena district will be enlarged by a portion of the Weir-endorf district, No. 154, and a portion of the Marley district, No. 125, which includes the Rolling Heights subdivision off 187th st. Directives attaching these sections to the Mokena district, effective July 1, were recently issued by the Will county board of school trustees.

The new addition to Willow Crest would have five classrooms, a multi-purpose room that will be used for a complete physical education and fitness program, lunch room, assemblies and athletic events. More toilet facilities are to be installed, a health service room, office space, a library and other facilities.

The board plans sound construction at the lowest possible cost. The addition would be completely functional, fire-resistant and without frills, board members declared. The estimated cost is given at \$12.50 per square foot which is about the original cost.

According to figures released by the board the increase in the bond tax rate would be about 12 1/2 cents per \$100 assessed valuation, or about \$7.50 a year on an assessed valuation of \$6,000.

The polls will be located at Carpenter Street school and will be open from 12 noon to 7 p.m.

NI-Gas Earnings Hit New High; Top \$175-Million

Northern Illinois Gas Company, in its quarterly statement to stockholders May 1, reported 12-month revenues topped \$175 million for the first time in the period ended March 31, and resulted in 12-month earnings of \$2.95 a share.

This compares with revenues of \$167 million and earnings of \$2.65 for the 1962 calendar year, and revenues of \$160 million and earnings of \$2.63 for the 12 months ended March 31, 1962. The 1963 figures include NI-Gas' subsidiary, Allied Gas

Company, which was acquired on December 31, 1962.

The favorable results during the most recent period, according to NI-Gas president, Marvin Chandler, reflected the severely cold weather in January and February and the increased use of gas by all customers. With an increasing proportion of space heating sales to residential, commercial and industrial customers, temperature fluctuations have an important effect upon the company's revenues. However, good gains continue to be made in the general uses of gas by all these classes of customers.

Quarterly dividend checks were issued to stockholders at the increased annual rate (as previously announced on March 7, 1963) of \$1.68 a share.

Chandler also commented that the NI-Gas 1963 construction program has been raised from \$42 million to \$48 million to provide for construction of a major gas distribution line this year instead of in 1964. The new 30-mile pipeline will connect with another large-diameter line near Lisle and, when completed, will deliver additional quantities of gas to the rapidly-growing south suburban area. The company's five-year (1963-67) construction

Public Service Co. Sets New Sales Record For 1962

G. K. HARDACRE

Public Service Company set new sales records again in 1962, G.K. Hardacre, Southern division vice president, said today in a report of the division's activities for the year.

Southern division's 1962 electricity sales reached an all-time peak of 3,751,966,000 kilowatt-hours, an increase of 9.1 per cent over 1961.

According to Chandler, a \$20 million first mortgage bond issue (previously announced) is planned as the first step in raising the necessary \$90 million of new capital required to finance this five-year construction program. The balance of \$10 million will be provided principally out of earnings not distributed in dividends and out of depreciation accruals over the five-year period.

Chandler said that, depending upon market conditions and the required regulatory commission clearances, the new issue would be offered for competitive bidding, with bids scheduled to be opened on July 10. He said no further public financing is expected this year.

time peak of 3,751,966,000 kilowatt-hours, an increase of 9.1 per cent over 1961.

"All major categories showed increases," said Hardacre, "with sales to small commercial and industrial customers posting the biggest gain at 11.9 per cent, followed by those to large commercial and industrial users at 9.6 per cent and sales to residential customers at 6.2 per cent."

The number of residential customers in the division during the year climbed from 240,100 to 247,000. Meanwhile, the average annual use per residential customer rose from 3,753 kilowatt-hours to 3,878.

Southern is one of seven divisions comprising the Commonwealth Edison-Public Service Co. system. It serves an area of approximately 3,700 square miles extending south and west from Chicago as far as Pontiac and including eastern portions of Marshall and Woodford counties. It has major headquarters at Joliet, with area or district headquarters at Harvey, Bradley and Streator.

Mr. Hardacre said that recent reductions in charges to its customers are expected to produce even greater sales in the future.

On March 5, 1962 the utility adjusted several of its commercial and residential rates. Residential charges for space heating were reduced from 1.6 cents per kilowatt-hour to 1.5 cents, for water heating from 1.25 cents to 1.05 and for kilowatt-hours used in excess of 350 a month from 2.25 cents to 2.0.

On March 1, 1963 the utility's fuel adjustment clause, which has applied to all of its rates since 1954, was lowered from 2.0 cents per 100 kilowatt-hours to 1.0 cents to reflect declining fuel costs.

The 1962 rate adjustments, together with the lower fuel adjustment charge, brought the total annual savings to customers in the Edison-Public Service system to approximately \$7,000,000.

To meet the increasing demand for electricity, two new 340,000 kilowatt generating units were placed in service during 1962, one at the utility's State Line Station near Chicago and the other at its Waukegan Station. These, plus an upward rating of 20,000 kilowatts at Dresden Nuclear Power Station near Morris, increased system net generating capability in 1962 to 6,141,000 kilowatts.

The new units are part of the utility's major construction program. Included in the program are a 510,000 kilowatt unit scheduled for service in the near future at Will county station near Lockport, and two 560,000 kilowatt units for service in 1965 and 1966, respectively, at Joliet Station. Construction of the Joliet station units began in the summer of 1962.

Cost of the construction program for the five years 1963 through 1967 is estimated at \$640,000,000. By the end of 1968, the net generating capability of the Edison-Public Service system is expected to increase to 8,734,000 kilowatts.

Make Medicine For Fair Weather This Saturday

Younger Indian tribes of the Palos area and surrounding communities are making medicine for fair weather Saturday, May 11, for that is the day they will gather with Chief White Eagle, of the Iroquois nation. The occasion is the annual Summer Camp Benefit Festival of the Community Center Foundation, 127th and Southwest highway, Palos Park. The Festival runs from 11 a.m. to 5 p.m. on the Foundation grounds, and it will be held rain or shine.

Chief White Eagle is the real article; well known in this area for his performances over Station WTTW. He will give demonstrations of Indian sign languages, tell legends and demonstrate tribal dances.

A wide variety of pleasures are planned for both young and old. Features will include pony and tractor rides, old style silent comedy films of the Harold Lloyd era, a bake sale booth and white elephant shop, prize contests in juvenile fishing, gold mining and rope climbing.

Admission to the festival is free. Tickets will be sold at nominal prices for the various events. All proceeds will go to the support of the Foundation summer camp which begins its twenty-fifth season on June 23. Past festivals have made it possible for many boys and girls to attend camp on schol-

arships. John R. Brathovde, Markham, is chairman of the festival committee. Other members are Mr. and Mrs. Lauren T. Blount,

Mr. and Mrs. Dick Brewer, Mr. and Mrs. R.G. Hamrick, Mr. and Mrs. Harold R. Luebking, and Mrs. Ned Payne, all of Palos Park; Mr. and Mrs. Paul E. Slightam of Palos Heights; Mr. and Mrs. John R. Coghill and Mr. and Mrs. Thaddeus C. Pnazeck of Orland Park; Mr. and Mrs. Robert Sproat of Joliet, and Mr. and Mrs. Warren W. Walters of Chicago.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

"Exciting" is the word that best describes the many new features on today's gas ranges... features that make your time in the kitchen more pleasant, more productive. Best proof is to see the new ranges first-hand. When you do, you'll find features like these—yours only with a great new gas range.

• **"Program Cooking"**—automatic oven controls that start and stop the cooking process, then keep food at serving temperature for hours.

• **Automatic top burners**—Precise control of selected temperatures; makes any cooking vessel an "automatic" appliance.

• **Smokeless broiling**—You broil with the broiler door closed. The gas flame consumes greasy smoke that otherwise would escape into the kitchen.

• **Precise control**—Countless shades of heat between high and low—instantly. And when you turn gas off, it's off. No hangover heat to raise kitchen temperature.

• **Beauty**—The modernity of gas range cooking features is matched by handsome, up-to-the-minute styling that brightens your kitchen like a jewel.

• **More for your money**—You know gas cooks better for less. Now see the new gas ranges, including models with the built-in look that don't have to be built in.

Stop this week at your appliance dealer's or Northern Illinois Gas Company showroom and see why a good new gas range is the only range better than a good old gas range.

NOT RESPONSIBLE FOR ACCIDENTS

Form Baseball League For 8 To 15 Year-Olds

MRS. EDWARD HOVI
Telephone: 479-5740

The sign-up for the boys interested in joining a Little League in Arbury Hills was originally held on Saturday morning, April 27 at the school. There were 32 paid qualified applicants within the proper age

limits.

Since the minimum number of boys required by Little League to qualify for official acceptance is forty-eight boys the Arbury Circuit will form as a private group. Next year there may be enough to join the Little League.

A meeting of the adults was held on April 29, a Monday, at school, when it was decided to call the new group "The Arbury Hills Baseball League."

At this meeting an election of officers and board of directors was held. President is Dick Prather; vice president, Frank Riesbeck; secretary, Hyman Kronick; treasurer, Joe Mangano and player agent is Ed Williams.

Directors are, Foster Tekotte, J. E. Naumayer, Francis Cronos, Jim Miuccio, and Harold Fitch.

It has been decided to divide the boys into two general groups; the juniors, 8 to 11, and the seniors, 13 to 15 years old. The twelve year olds will be divided between the two groups wherever needed most. With this procedure all boys from eight to 15 will be able to participate in the program.

Another sign-up day was set for Saturday morning, May 4 for those boys who are still interested, but were unable to sign-up April 27.

The work on the baseball field is well under way. Efforts are now being made to put up the back stop for the playing field. All men interested in helping out can volunteer his services to any of the officers named or the board of directors.

The Summit Hill Parent-Teacher Group will hold their regular monthly meeting for May on tonight, Thursday, May 9, at 8:00 p.m. at the school.

The installation of the new officers will take place at this meeting with the new officers then presiding over the group. The hostesses for this month will be the first grade mothers, who will provide the refreshments and also serve them to the group.

The Arbury Hills Baby Sitters Cooperative will hold their

meeting at the home of Mrs. Keith Miller of 9507 West Elm Avenue on Wednesday, May 15, at 8:00 p.m. Any member planning on attending, or any potential member should contact Mrs. Miller before the day of the meeting.

At this time the secretary's book will be turned over to Mrs. Miller by Mrs. Mansell who has acted as secretary for the past month.

The Bingo club will hold their regular monthly meeting at the home of Mrs. John Hayden of 9436 West Pine Avenue next Thursday evening, May 16 at 8:00 p.m.

During the past two weeks the Arbury Hills Kindergarten Organization has mailed out the registration card and the State of Illinois Health Record Form to those parents who had registered a child into the summer session of the kindergarten in Arbury Hills. If you have registered your child for this kindergarten and have NOT received these two forms through the mail, please contact Mrs. John Hayden at 479-9350.

The Summit Hill Boy Scout Troop Number 10 will hold their monthly overnight campout at Starved Rock, if all goes as planned. They are scheduled to leave Saturday morning, May 25, and return on Sunday, May 26.

The Cub Scout Pack meeting was held at the school on Friday evening, April 26. Each cub den participated in the evening's entertainment.

Den 1 presented a skit written by one of the mothers with the theme of the Jet Age.

Den 2 had colored placards which they had made themselves. These placards were held up by the boys while they recited parodies on nursery rhymes. The parodies updated the nursery rhymes to the modern jet age. Mary no longer has a lamb. Mary has a Jet now.

Den 3 used their sister's dresses and head scarves as costumes. One of the boys was made up as a cow, and the six boys recited a poem taken from the Book of Knowledge called Moo, Cow, Moo.

The Pack meeting of the Cub Scouts for May has been advanced until June 7, at which time it will be held in the Scout House (the old schoolhouse one-half mile east of Route 45 on

191st Street.)

The next Pack meeting will have a circus theme with the mothers preparing the boy's costumes. The leaders are all working hard with the boys in preparing for this project.

The boys also made a gift for their mothers for Mother's Day, and will also make a gift for father for Father's Day.

There will be a registration day scheduled late in the summer for all those boys who turn eight and would be interested in joining Cub Scouting. The exact date and place of registration will be announced later.

Brownie Scout Troop 103 decided that, since they were not participating in the Girl Scout Rally on May 5, they would, instead, schedule a picnic at Melcher's Park in Joliet, weather permitting.

The First Nighters held their regular monthly session at the home of Mrs. Marvin Rognlie of 9534 West Hickory Street.

The hostesses prize was won by Mrs. Vernon Crowder, and the next meeting was scheduled at Mrs. Robert Dickerson's house at 9528 West Hickory Street, on Thursday evening, June 6, at 8:00 p.m.

Mr. and Mrs. Brian Williams of 9443 West Birch Avenue were visited by Mrs. Williams parents, Mr. and Mrs. McCaffery from Detroit, Michigan. After a few days visit they returned home again.

Mr. and Mrs. Ed Hovi of 9448 West Hickory Street had a multiple family birthday party with four birthdays being celebrated. There was a family gathering to join in the festivities.

Grandma and Grandpa Doran, Mrs. Hovi's parents were there, with Grandpa Doran being one of the "birthday boys". Also included in the party were: Mrs. Hovi's sisters, Ann Doran, Mary Doran and her fiancé Walter Walters, Pat Doran and her fiancé Don Greenland, and the whole Hovi gang.

Also celebrating birthdays were Linda Hovi with her first birthday, Edward Hovi, Jr. with his seventh birthday, and Edward Hovi, Sr.

The Mangan family journeyed to Amboy, Illinois to celebrate their multiple family birthdays. All the recent family birthdays were celebrated in union, there being several at once including Mrs. Mangan and her twin sister, and Mrs. Mangan's oldest child Gregory.

Federal Employee Of Year Contest In Final Stage

Six finalists have been selected for the 4th annual Employee of the Year competition among federal employees sponsored by the Downtown Kiwanis Club of Joliet and the Joliet Area Federal Agencies council. The finalists were chosen by an agency screening committee headed by Lester E. Brown, postmaster at New Lenox.

The winner in each of two categories will be selected by a committee of the Downtown Ki-

wanis Club and announced at a special noon luncheon program May 13 at the Louis Joliet Hotel.

The finalists are: Category I - outstanding federal executive or professional employee - Charles L. Boland, project engineer, Joliet project office, U. S. Army Corps of Engineers; Harry D. Fike, chief, field operations section, civilian personnel branch, Ammunition Procurement and Supply Agency, and Joseph E. Freeman, chief, buildings and grounds branch, Joliet Arsenal. Category II - outstanding non-professional federal employee: William F. Mandac, press operator foreman, Ammunition Procurement & Supply Agency; Miss Wilba A. Sandner, claims representative, Joliet Social Security Administration, and Earl F. Smith, rural mail carrier, Wilmington postoffice.

Duncan C. Smith, Joliet, took top honors in the 1962 Category I competition, while Harold C. Jett, Kankakee, won in Category II. Mr. Smith was an ammo agency employee. Mr. Jett works at Joliet Arsenal.

Funeral Rites Conducted For Charles Sippel

Funeral services were held Friday, May 3 at Hirsch Memorial chapel, Tinley Park, for Charles A. Sippel, a retired farmer, late of 6623 W. 174th pl., Tinley Park. The Rev. William M. Mace, assistant pastor

of the Tinley Park Methodist church officiated. Interment is in Tinley Park Methodist cemetery.

Mr. Sippel died Tuesday, April 30 in Hazelcrest hospital following a lingering illness. He was born Feb. 18, 1883, in Orland township, and had spent his entire life in this area.

He is survived by his widow, Philopine; a daughter, Mrs. Helen Valentine, Frankfort; one son, Alvin C. Sr., Tinley Park; five grandchildren and nine great-grandchildren.

Hospitals Collect Over Billion Thru Insurance

The American public received an average of \$5.2 million a day from insurance companies during 1962 to help pay for hospital care, the Health Insurance Institute reported today.

The \$5,201,000 average daily payments added up to a total of \$1,899,000,000 paid out in hospital expense benefits during the year by insurance companies, the Institute said. It pointed out that the benefits included payments made under hospital expense policies as well as that portion of benefits under major medical expense policies which went for hospital bills.

These benefits helped to pay, said the Institute, for hospital room and board, drugs and medicines, laboratory services, X-rays, nursing, operating room charges, and other hospital services.

With the inclusion of health insurance payments for other than hospital care, insurance companies last year distributed benefits of some \$3.8 billion, a 10.8 per cent climb over 1961. The grand total of health insurance benefits paid out during 1962 by all insuring organi-

zations was estimated by the Institute at \$7.1 billion, up from \$6.4 billion in 1961.

In recent years there has been tremendous growth in the amount of hospital expense benefits paid by insuring organizations, stated the Institute in reporting on an analysis of hospital benefits paid during 1952 and 1961, the first and last years for which complete data are available.

In 1952, all insuring organizations combined paid a total of \$1,072,000,000 in hospital expense benefits, said the Institute. This figure climbed to \$3,725,000,000 in 1961 for an increase of 247 per cent.

Over the same 1952-1961 period, the amount of hospital expense benefits paid out by insurance companies rose from \$437,000,000 to \$1,686,000,000 an increase of 286 per cent, said the Institute. Hospital expense benefits paid by Blue Cross, Blue Shield and all other health care plans rose over this span from \$635,000,000 to \$2,039,000,000, a boost of 221 per cent.

NI Gas To Reduce Rates Again About 1st Of July

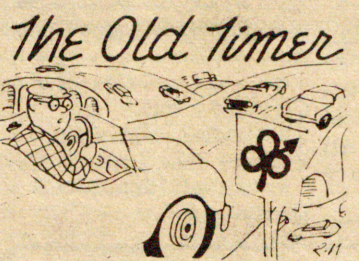

James W. Karber, chairman of the Illinois commerce commission, announced Thursday, May 2, that Northern Illinois Gas Co. would make reductions in its rates amounting to more than \$1,000,000 annually.

Karber said that the rate cuts resulted from discussions by the commission and its staff with company officials. These discussions began last fall and were resumed in March of this year.

The new reductions, Karber stated, follow cuts of about \$1,000,000 annually in the bills of some 600,000 of the utility's customers in northern Illinois effective Dec. 1, 1962.

Convict Pair Of Robbing Oak Lawn Savings Bank

(CNS) — A federal jury Wednesday last week deliberated only 45 minutes before convicting Nicholas J. Uselding, 26, and Robert D. Hilbrich, 28, for the \$27,500 armed robbery of the Oak Lawn Savings and Loan Association, 5555 West 95th street, Oak Lawn, last Nov. 17.

Chief Judge William J. Campbell set today (May 9) for a hearing on defense motions and ordered both men held in the custody of the U.S. Marshal.

The two men, along with Stanley Berger, 26, presently serving a five year sentence in the Illinois penitentiary, entered the bank shortly after it opened wearing black hoods, gloves, raincoats and carrying pistols. The fifteen bank employees and seven customers present were ordered to lay down on the bank floor as one of the bandits leaped over a bank tellers counter to help collect the cash and place it in two laundry bags.

But the bank's comptroller and treasurer, Vincent Folk, 55, of 9358 50th avenue, Oak Lawn managed to reach out and press the alarm button while under the muzzle of a gun. Berger was captured by Oak Lawn police who responded to the alarm as he stepped from the bank with the loot in his

hands. Hilbrich, formerly of 22 East Delaware Place, was captured a short distance away by Oak Lawn police officer John Murdock, after a foot chase. Uselding, of 1307 Melrose street, was picked up in Hometown as he was being taken to Midway airport in a taxi cab.

In final arguments for the government, Assistant U.S. Attorneys William O. Bittman and Douglas Brown praised the work of the FBI as "one of the greatest exhibitions of an FBI investigation that has ever taken place."

The FBI, in piecing together the background of the crime, traced the actions of the three men back two days before the robbery. As a result of their work, a salesclerk at the Sears Roebuck department store at 6153 South Western avenue testified that the three men purchased from her the laundry bag used to carry the loot.

A waitress at the Midway House Motel, 5400 South Cicero avenue, told the jury she served dinner to the trio nine hours before the robbery. She said she even remembered what they ordered for dinner.

Bittman and Brown often referred to their testimony while refuting a statement made by Uselding to the FBI that he never knew or had even been with the other two men.

Another witness identified the trio as the men who purchased the bullets which were found in

one of the guns and in Hilbrich's auto.

Defense attorneys Martin Gerber and Jerry Rotenberg hammered away at the circumstantial nature of the evidence presented during the trial. They said nobody was able to identify Hilbrich or Uselding as being in the bank and that neither men wore a raincoat when arrested. Both attorneys emphasized the conflicting descriptions of the bank robbers given by bank employees, and Gerber termed the government's case "a limitless chain of circumstances."

Uselding's alibi, according to the testimony of FBI agent Rene Dumaine, was that he fell asleep while intoxicated in an alley near 103rd street and Central avenue in Oak Lawn after being

spurned by a woman he picked up in a tavern.

Dumaine testified that it rained and Uselding's clothes, though slightly soiled, did not indicate he had been outdoors all night. Neither man testified in his own defense.

Berger was sentenced February 12 by Judge Campbell to an eight year prison term to begin after he completes the five year sentence he is now serving on a state charge of armed robbery. He pleaded guilty to the bank robbery charge.

Uselding had been arrested eight times since he was originally freed on \$10,000 bond for the bank robbery charge last November. The charges are for the kidnaping of a DuPage

county bank employee prior to an abortive bank robbery attempt there, vagrancy, possession of stolen goods, disorderly conduct, burglary, criminal trespass, possession of burglar tools.

Hilbrich had jumped \$10,000

bond in January on the bank robbery charge and a \$13,000 bond on a state robbery charge and was later arrested in California.

Both men face possible maximum sentences of 25 years in prison and a \$10,000 fine each.

TO WHOM IT MAY CONCERN:
On May 27, 1963, at 8:00 P.M., the Village of New Lenox Zoning Board of appeals, will hear the plea of Sheldon W. Hauck to change the Zoning of the following described property as it was when he was annexed into the Village. When land is annexed to any Village or City it is annexed with an R 1 Zoning, and Mr. Hauck would like to have it zoned for I-1 use:

PARCEL NO. 1
A parcel of land in the West Half (W 1/2) of the West Half

(W 1/2) of the Southeast Quarter (SE 1/4) of Section Sixteen (16), in Township Thirty-Five (35) North and in Range Eleven (11) East of the Third Principal Meridian, described as follows: Commencing at the intersection of the West line of the Southeast Quarter (SE 1/4) of said Section Sixteen (16) with the Southerly right-of-way line of the Chicago, Rock Island and Pacific Railroad, and running thence Easterly along said Southerly right-of-way line a distance of eight hundred eighty-six and seventy-five hundredths (886.75) feet to the premises conveyed to Henry J. Craven by Warranty Deed dated April 9, 1917, and recorded April 30, 1918, as Document No. 309348, in Book 546, page 112, and running thence Southerly along a line parallel to and twenty-five (25) feet East of the Northeasterly corner of the parcel (said line being the Easterly line of the premises so conveyed by the Warranty Deed recorded as Document No. 309348) a distance of eighty-two and eighty-eight hundredths (82.88) feet to the center line of the public highway known as United States Highway Route 30, thence running Northwesterly along the center line of said highway to its intersection with the West line of the Southeast Quarter (SE 1/4) of said Section Sixteen (16), thence North along said West line to its intersection with the Southerly right-of-way line of said railroad and the place of beginning, in Will County, Illinois;

PARCEL NO. 2
A piece of land, laying between the Chicago, Rock Island and Pacific Railroad Company, in Township Thirty-Five (35) North, Range Eleven (11) East of the Third Principal Meridian, and bounded as follows: Commencing in

the center of said State Road at the Southwest corner of the Lot in 1901 owned by the Estate of James Phillips, deceased, thence running in a Westerly direction along the center of said State Road, four (4) rods, thence North to the South line of the right-of-way of the Chicago, Rock Island and Pacific Railroad; thence in an Easterly direction along said right-of-way four (4) rods; thence South to the place of beginning, Also, all that triangular piece of land lying between the Chicago, Rock Island and Pacific Railroad and the State Road running through the West Half (W 1/2) of the West Half (W 1/2) of the Southeast Quarter (SE 1/4) of Section Sixteen (16), Township Thirty-Five (35) North, Range Eleven (11) East of the Third Principal Meridian and bounded on the North by said Railroad, on the South by said State Road, and on the East by the land owned by Mrs. James Phillips (except a strip four (4) rods in width off the East and measuring along center of said State Road, heretofore conveyed to Henry E. Urch, and also excepting a strip off the West and measuring along said State Road about eight (8) rods in width heretofore conveyed to E. Storms);

PARCEL NO. 3
The West seventy-three (73) feet of the East twenty-two (22) rods, measured along the North side of the public highway known as Route 30 of that part of the West Half (W 1/2) of the Southeast Quarter (SE 1/4) of Section Sixteen (16), lying North of said highway and South of the right-of-way of the Chicago, Rock Island and Pacific Railroad Company, in Township Thirty-Five (35) North, Range Eleven (11) East of the Third Principal Meridian, in Will County, Illinois.

The Zoning Board of Appeals will also hear the plea of John Warren, on the following described property from the R 1 zoning to an I-1 and I-2 Zoning:

REQUESTED FOR I-1 ZONING

PARCEL NO. 1
That part of the East 1/2 of the W 1/2 of Section 21, T 35 N, R 11 E 3 PM lying Southerly of the Michigan Central Railroad, New Lenox Township, Will County Illinois.

PARCEL NO. 2
That part of Section 17, T 35 N, R 11 E 3 PM lying Southerly of both the Michigan Central Railroad and also the proposed F.A.I. Route 80, New Lenox Township, Will County, Illinois.

PARCEL NO. 3
Both the NW 1/4 of the SE 1/4 and also the W 1/2 of the NE 1/4 of the SE 1/4 of Section 18, also the W 1/2 of the NE 1/4 of the NE 1/4 of Section 18 lying Southerly of the Michigan Central Railroad, all within T 35 N, R 11 E 3 PM New Lenox Township, Will County, Illinois.

REQUESTED FOR I-2 ZONING:
PARCEL NO. 4
The E 1/2 of the NE 1/4 of the NE 1/4 of Section 18 lying Southerly of the Michigan Central Railroad and also the E 1/2 of the NE 1/4 of the SE 1/4 of Section 18, all of T 35 N, R 11 E 3 PM New Lenox Township, Will County, Illinois.

PARCEL NO. 5
That part of Section 17, T 35 N, R 11 E 3 PM New Lenox Township, Will County, Illinois lying Southerly of the Michigan Central Railroad and also North of the proposed F.A.I. Route 80, LESTER E. BROWN

Lincolnwood

Scout troop 41 from Lincolnwood celebrated U.S. Grant's birthday in his home town, Galena, on Saturday, April 27. This ninth annual pilgrimage also commemorated the Civil War Centennial and Lincoln's Gettysburg Address.

Eleven of the Scouts from Troop 41 attended under the leadership of Robert Brown, assistant Scoutmaster, and Keith Eck, committeeman. More than 1,000 Scouts camped in nearby state parks and Galena recreation park Friday night.

The all day Saturday program was a historic pilgrimage, during which time most of the Scouts meet the requirements for the U.S. Grant Award. The scouts toured Galena on foot, visiting 31 places of interest closely connected with Ulysses Grant when he lived in Galena. The 1:30 p.m. all scout parade was headed by the Boy Scout Marching Band from Troop 45 of Savanna, and was climaxed with staged ceremonies from the reviewing stand at the historical DeSoto house. Close to 3,000 Scouts and leaders from Illinois, Iowa, Indiana and Wisconsin attended this celebration.

- o -
Girl Scout Troop 375 attended rally day at Joliet high school on Sunday. They presented a skit on Mexico. They planned an outdoor social for next weeks meeting.

- o -
Mr. and Mrs. Clarence DeChant and family are moving to Crivitz, Wis. this month.

- o -
A large crowd attended the Maytime bazaar given by the Schumhl School Community club, Friday night. Mrs. Herman Beck was chairman of the affair.

**Former N.L.
Girl To Wed
In Indiana**

Mr. and Mrs. John A. Olson, 1106 Lake Shore dr., Michigan City, Ind., former residents of New Lenox, announce the approaching marriage of their daughter, Mary Ellen, to Dennis D. Houck, son of Mr. and Mrs. Richard F. Murray of Michigan City, Ind.

The couple will be married at 7 o'clock the evening of June 15 at Immanuel Lutheran church, 10th and Maple streets, Michigan City. The Rev. Melvin R. Hering will officiate.

All relatives and friends are invited to attend the wedding and the reception that will be held following the ceremony in the church parlors.

The bride-to-be is a graduate of Elston Senior high school and is now employed by Montgomery Ward. The bridegroom-elect is also a graduate of Elston and is assistant produce manager in a supermarket.

Inca's Flower

Bright scarlet-orange blooms on straight, stiff stems make Inca's flower or Tithonia excellent for cutting.

The annual known to botanists as Tithonia has the common names of Inca's flower or Golden Flower of the Incas or Mexican sunflower - take your choice. If you like scarlet-orange flowers, daisy-like in shape, and can use fairly tall plants in your garden, why not try this unusual annual this year?
